Come Celebrate the Vernal Equinox with Us!

Explore the perfect fusion of Yoga and Shamanism! Join us for an extraordinary retreat to celebrate the energy of the jungle. Shamanism and Yoga have much in common and this kinship is just waiting to be explored, especially during this perfect time of seasonal balance. Shamanism is based on the simple premise that the same energy flows through and connects all things in the universe. Yoga is an ancient practice which provides a framework for personal, and spiritual growth. Both practices draw inspiration from nature and help bring one closer to the energies of the universe. This unique and lovingly developed retreat is designed to explore the "kindredness" of these two disciplines. Together they invite you to rediscover who you truly are in Body, Mind, and Spirit. Shamanism and Yoga will be fused into daily ceremonies, activities, and workshops specifically designed to assist you in releasing whatever prevents you from truly and totally, loving and being loved. Only then can you welcome a restorative, healing essence to embrace love on all levels. All activities will be appropriately modified for each person's level of experience and fitness. Instructors Joyce and Anneliese are highly experienced in working with adults and children of all ages.

Explore, discover, celebrate, reclaim, restore!

Individuals, couples, and families...everyone wishing to open their hearts and deepen their loving connections to nature, to themselves and to others is invited. Any level of shamanic and yogic experience is welcome.

Macaw Bank Jungle Lodge is a family friendly, **green-conscious**, authentic rainforest destination, producing their own electricity and water.
